## Depot News

Check out the awesome wood stack!! Got some great feedback from a very happy customer for this spectacular looking wood stack! The crew also helped with a bit of mulching, barrowing and spreading out of the kindness of their hearts. Thank you, Clem, Ray and David Fowke, for an amazing job done!

A new veggie bed has been built at HI. Nice work Helen, Ray, Nathaneal and Christo. We will look forward to some delicious vegetables in the summer!

## Thank you!

Thank you Kaipara Basketball! Kalem from Kaipara basketball kindly donated 9x brand new basketballs and kit bag for our Special olympic basketball team.

Do I belong to you? I was left after basketball practice :(

Hello (to one person)

## My good week!

This week we hear from Lisa about what made her week a good one!

I have had a fantastic week, my desk is almost tidy!! I am loving supporting with SO basketball, everyone is growing and improving and it awesome to see. I even had a go at being coach last night while Kim was away, that was fun! I have been playing Bridge with Rachel, I found it really challenging in the beginning, but now I am starting to get good scores! I am trying a new sport, Squash. I am improving and had my best game ever last week; I am going to play again on the weekend. I am also going to the movies. Perhaps the best thing however is that the sun is shining today, fingers crossed it shines for soccer practice too!
