My good week!

This week we hear from Andy and Jo and their good weeks!

I went to the soccer world cup in Auckland with my mates. For dinner we had Wendys. This Sunday we are going down to Greenhithe for Special Olympics Soccer.

I have been loving being at House 1. One of my favorite things is cooking, we had Vietnamese beef with noodles with a huge salad on Wednesday, it was delicious! I love cooking with Katy, she is great help, when she isn't eating all the ingredients! It so great everyone does their part with the jobs, like doing the dishes and putting out their washing. Tiff is great at getting the vacuuming done and Pete is my number 1 helper with the Chookie scraps. I am settling really well and already feel part of the clan. Thanks everyone for being so welcoming!
