Some epic fishing down the harbor on Saturday! Thank you PK for organising this!

My good week!

This week we hear from Andrew and his good week!

I went fishing with PK up the in the Kaipara Harbour - we didn't really catch much. I don't think there is many fish in the harbor, my other fish bit the line. Hopefully they will bite again in summer. The fish was decent, PK smoked it for me. It has last me a few days. I went to H4 for dinner to eat it. Then I went down with Martin to Greenhithe on Sunday. I was in goal; I am good as a keeper. Next time I would like to play mid field. I am looking forward to Party Zone. I am going to dress up- I am good at helping out. I would like to go on the bike track that is at Babylon coast road. I like to keep fit. I would like to do a biking holiday again soon.
