The Greensway's team have just achieved an exciting milestone. The Kauri Museum in Matakohe has taken notice of the exceptional work being produced by our talented Tangata. After seeing the beautiful kauri platter boards, candles, and other handcrafted items, the museum has enthusiastically agreed to sell some of our products.

This collaboration is a testament to the team's dedication and craftsmanship. Next time you're in the area, be sure to stop by the museum and explore the unique offerings on display. We couldn't be prouder of the hard work and passion that have gone into these pieces.

In addition to this, our team's creations are also available at the pop-up shop located at The Old Post Office. Stay tuned to our Facebook page for updates on when the shop will be open. This is a fantastic opportunity to support our guys and take home a piece of their incredible work!
