

Happy BIRTHDAY

Jason's Birthday is on the 11th October, Big Happy Birthday to you Jason, we all hope you enjoy your day.

Our very own Ray Elvis has been lighting up the stage at the Pahi Boating Club, and the local crowd couldn't be happier. With his lively performances and infectious energy, Ray has had everyone dancing along and enjoying his incredible jams. His music has brought a fresh wave of fun and excitement to the boating club, making every performance a night to remember.

The day programme will be opening up the pop up shop on Tuesday the 15th of October, 10am-2pm. Come on in and check out all our goodies we have for sale, including our garden gnomes that our talented team have made below.

Our beloved depot dog, Woody, has been making the most of the warmer weather, basking in the sunshine and soaking up the rays. With the change in seasons, Woody has been spotted lounging around the depot, enjoying every moment of the warmth. Let's hope this beautiful weather sticks around for a while, so Woody and the rest of us can continue to enjoy these sunny days

## WORKING BEE AT HOUSE ONE

This past Friday, the Greenways whanau showed what teamwork is all about. In a true display of spirit, everyone came together and headed up to House One for a working bee that left the gardens looking incredible. The team worked hard, water blasting and transforming the outdoor space into something special, Paul was up on a ladder ridding the gutters of the plants that had grown on their own accord. After all the hard work, everyone celebrated with a well-deserved BBQ, enjoying good food and even better company.

A huge thank you goes out to everyone who came along and contributed to making this day such a success.
