## Big News – House 2 Has a New Name and a New Home!

House 2 has officially made the move and is now proudly known as Churchill!

The transition is complete, and we're stoked to report that everyone's settling in beautifully – happy campers all around.

A massive thank you to everyone who lent a hand during the move. Your mahi made all the difference, and thanks to you, Churchill is already starting to feel like home sweet home.

Last Friday and over the weekend, Dargaville experienced unexpected water issues, which meant a bit of quick thinking was needed for House 2. With no running water available, our House 2 crew packed up and made their way to Waihue for dinner – and what a great decision that turned out to be! Fortunately, Waihue is well-equipped with a couple of water tanks, so it was all systems go. The team was able to share a delicious meal, enjoy each other's company, and turn what could have been a bit of a headache into a heartwarming evening. It's moments like these that show the strength of our community and the way our houses look after one another.

There's been some excitement in the paddock at House 1 – a brand new black lamb has joined the flock! This little bundle of fluff has quickly stolen everyone's hearts, becoming a bit of a local celebrity.

Everyone's smitten, often gathering by the fence to catch a glimpse of the lamb as it explores its new surroundings. One of the favourite daily rituals has become tossing vegetable peels over the fence – a treat the sheep clearly enjoy, and a sweet way for everyone to feel involved.

Here's to many more moments of farmyard fun and fuzzy cuteness at House 1!
