

The day programme was lucky enough to have a visit from some very woolly friends! Everyone loved giving hugs and pats to these adorable little lambs. Megan and Kody have been rescuing lambs and gifting them to children for pet and project days. Without their care and dedication, these little ones wouldn't be here today — bringing joy to our tamariki and brightening their days.

Before delivering one of these precious babies to its new home,

Megan and Kody stopped by for a special visit, giving everyone the chance to enjoy a little "pet therapy."

To show their appreciation, the day programme gifted Megan and Kody a tiny jacket for one of their premature lambs — a cosy token of thanks for the love and care they give.

Thank you, Megan and Kody, for sharing your kindness and bringing so much happiness to our day programme — you two truly rock!

They say sometimes it's not what you know, but who you know — and in this case, that couldn't be more true!

Newell's Aunty Ruth works at the incredible Kauri Museum. So Newell, Jeremy, and Lloyd were lucky enough to head along for a special visit. Lloyd's mum joined the crew, and together they enjoyed a fantastic day out. From fascinating displays to hands-on exhibits, they explored every corner and soaked up all the history and stories the museum had to offer.

A huge thank you to Aunty Ruth for the warm welcome and for giving them such a memorable experience — it was a day they won't forget!
