Welcome Andy to our Day Programme

We are absolutely thrilled to have you join our crew, and it already feels like you've been part of the whānau forever. From the moment you arrived, you fitted right in with everyone – it's like Thursdays were made for you!

We've already seen your awesome creative side shining through, and it's clear you've got a real talent for the arts. We can't wait to see more of your ideas, imagination, and flair coming to life each week.

Thursdays are definitely brighter now that you're with us, Andy we're so excited for all the fun, laughter, and creativity still to come!

Tonight was all about good vibes and cosy fun at Waihue House – movie night. The crew picked Wonka for the big screen, and it was the perfect choice. Jo whipped up some delicious popcorn (because what's a movie without it?), and everyone settled in, relaxed, and enjoyed the magic of the story together.

Even Missy Moo the cat got in on the action, curling up with the gang like the superstar she is. It's always special having everyone together, sharing laughs, snacks, and a little bit of movie magic.

Nights like these remind us how awesome it is to be part of the Waihue whānau.

A couple of days earlier, the crew also smashed out a big job – giving the van a top-to-toe clean.

It's looking fresh, tidy, and ready for the next adventure. A great effort all round.

Whats on

28th September Northland Taniwha Rugby Game
4th October – Monster Cars
11th October – Jason's Birthday
