On Sunday Jo, Mo and some of the crew headed into Whangārei for a bit of a refresh and adventure! The guys got fresh haircuts, Chris scored some brand-new sandals, and they made the most of the day by walking the loop. It was a change from their usual beach walks, but they soaked up a good dose of Vitamin D, shared plenty of laughs, and enjoyed lots of great chats along the way. To top it off, just as they were walking over the bridge, the siren went off to warn that it was about to lift, which quickly turned into an unexpected sprint session! The guys were very keen to show just how fast they could run. Safe to say, it kept everyone on their toes and added a bit of excitement to an already awesome day!

Connection is at the heart of Waihue, and dinner time is always a highlight of the day. The table fills with laughter and chatter as they go around asking, "What did you do today?" which often brings out some very interesting (and entertaining!) answers. It's a special time to share stories, celebrate the little wins, and enjoy each other's company.
