6th March 26

The Day Programme crew headed off to the Fieldays last Friday and what a day they had! From the moment they arrived, there was a real buzz in the air. They spent hours wandering up and down the aisles, taking in all the action and excitement. The massive machinery was a real highlight.

They loved seeing the animals up close and soaking in the true country atmosphere. The tractor pull was a crowd favourite, with everyone cheering as the engines roared and the power on display was next level. They even stopped to catch the motocross drags, watching in awe as the riders sped past in a blur of noise and adrenaline.

It was a fantastic day out filled with laughter, fresh air, and plenty to see and talk about on the ride home. Safe to say, the Fieldays delivered a day packed with fun and excitement for everyone involved!

Happy
Birthday
Dom
Looks like
you had a
great night
